

European Energy Exchange AG - Energiebranche

> eex group EEX Group develops world-leading market platforms to enable trading of energy and commodity products, such as power, natural gas, environmentals, freight, metals and agriculturals as well as offers subsequent clearing and registry services through our dedicated entity, ECC. We provide access to a network of more than 800 trading participants across our 21 locations on three continents. We are part of Deutsche Börse Group. #GoingGlobal

(Senior) Analyst (f/m/d) Group Strategy

City: Leipzig; Starting Date: 01/11/24; Duration: unlimited; Remuneration: industry standard

Working field

The Group Strategy team supports the management board in setting the strategic direction for the EEX Group.

In your role, you support the team in this shared task in devising strategic targets, proposing short-term priorities and in tracking our strategy implementation. On top of that, you take an active role in communicating strategic developments and achievements to both the management board as well as EEX Group colleagues. Furthermore, the shared tasks of the strategy team comprise the monitoring of the competitive environment, the analysis of regulatory key developments, the support of EEX Group's Sustainability Committee and the strategic pricing of EEX AG. Lastly, as part of your role, you aggregate and structure internal business information and create crisp reports on important developments for the management boards of EEX AG and various committees.

In our small team of strategy specialists, we offer you the possibility to grow personally and professionally and to actively shape the strategic direction of the EEX Group, a global group of exchanges and centerpiece of the European energy market. Depending on your previous experience and responsibilities, you will be able to take over a guiding, mentoring and coaching role for the colleagues located in Leipzig. After all, we value the exchange of ideas, being there for each other and encouraging each other to become better. We call it: the exchange mindset.

Requirements

- A master's degree in economics, engineering or equivalent education. An additional qualification in change management or business transformation is a plus
- Working experience in energy or finance is a plus, but we welcome top-class university graduates as well
- An autonomous way of working and intrinsic motivation for the job
- Analytical skills and rigorosity that allow you to thoroughly analyse, summarize and communicate complex topics
- A friendly and outgoing personality
- Proficiency in spoken and written English

What We Offer

- Attractive salary package with many benefits including childcare facilities, meal allowance, job ticket, sport and recreational events
- Flexible mobile working arrangements
- Personal development thanks to extensive further training opportunities
- A place in a dynamic and international team within EEX Group and Deutsche Börse Group.
- A long-term perspective in the constantly growing and evolving energy industry

Application

We're flexible! We're happy to receive applications in English or German.

Please upload a letter of motivation, CV, certificates regarding your education and training, letter of recommendation of previous employments.
