

Technische Universität Braunschweig - Leichtweiß-Institut für Wasserbau

Mit über 16.000 Studierenden und 3.800 Beschäftigten zählt die Technische Universität Braunschweig zu den führenden Technischen Universitäten in Deutschland. Sie steht für strategisches und leistungsorientiertes Denken und Handeln, relevante Forschung, engagierte Lehre und den erfolgreichen Transfer von Wissen und Technologien in Wirtschaft und Gesellschaft. Konsequenterweise treten wir für Familienfreundlichkeit und Chancengleichheit ein. Unsere Forschungsschwerpunkte sind Mobilität, Engineering for Health, Metrologie sowie Stadt der Zukunft. Starke Ingenieurwissenschaften und Naturwissenschaften bilden unsere Kerndisziplinen. Diese sind eng vernetzt mit den Wirtschafts- und Sozial-, Erziehungs- und Geisteswissenschaften. Unser Campus liegt inmitten einer der forschungsintensivsten Regionen Europas. Mit den über 20 Forschungseinrichtungen in unserer Nachbarschaft arbeiten wir ebenso erfolgreich zusammen wie mit unseren internationalen Partnerhochschulen. Das Leichtweiß-Institut für Wasserbau sucht ab dem nächsten Zeitpunkt eine*n

Wissenschaftlicher Mitarbeiter / Doktorand (m/w/d) auf dem Gebiet des Küsteningenieurwesens

(EG 13 TV-L, Vollzeit, befristet) Die Stelle ist befristet für einen Zeitraum von 30 Monaten zu besetzen. Die erfolgreiche Bewerberin/der erfolgreiche Bewerber erhält die Möglichkeit zur Promotion und zur wissenschaftlichen Weiterqualifizierung.

Stadt: Braunschweig; Beginn: Frühestmöglich; Dauer: 30 month; Vergütung: EG 13 TV-L; Kennziffer: Coastal Structures; Bewerbungsfrist: 15.02.2025

Aufgaben

- You will carry out research in the area of Coastal Engineering.
- You will design innovative solutions for coastal protection and perform experimental investigations.
- You will prepare and analysis data.
- You will supervise project-related student theses and student research projects.
- You will publish research findings and participate in national and international conferences.

Voraussetzungen

- You have a degree (Master's or equivalent) in Civil Engineering, Environmental Engineering or related fields.
- You have very good knowledge of the English language.
- Good knowledge orally and in writing of German is beneficial
- You have experience in data processing and programming (for example Python, MATLAB, etc.)
- You are flexible, can perform under pressure and work well in a team.

- You are aiming for a doctorate.

Unser Angebot

- Work on exciting future-oriented research topics in an inspiring work environment as part of the university community
- Great working environment with innovative facilities at one of the most renowned universities in Germany
- Working in an international division and participation in international networks
- Presenting research results in national and international conferences
- A vibrant campus life in an international atmosphere with lots of intercultural offers and international cooperation
- Pay in accordance with the collective agreement TV-L (a special payment at the end of the year as well as a supplementary benefit in the form of a company pension, comparable to a company pension in the private sector) including 30 days' vacation per year
- Flexible working and part-time options and a family-friendly university culture, awarded the "Family-friendly university" audit since 2007
- Special continuing education programs for young scientists, a postdoc program, as well as other offerings from the Central Personnel Development Department and sports activities.

Bewerbung

We welcome applicants of all nationalities. At the same time, we encourage people with severe disabilities to apply. Applications from severely disabled persons will be given preference if they are equally qualified. Please attach a proof of disability to your application. We are also working on the fulfilment of the Central Equality Plan based on the Lower Saxony Equal Rights Act (Niedersächsisches Gleichberechtigungsgesetz—NGG) and strive to reduce under-representation in all areas and positions as defined by the NGG. Therefore, applications from women are particularly welcome in this case.

The personal data will be stored for the purpose of processing the application. By submitting your application, you agree that your data may be stored and processed electronically for application purposes in compliance with the provisions of data protection law. Further information on data protection can be found in our data protection regulations at www.tu-braunschweig.de/datenschutzerklaerung-bewerbungen. Application costs cannot be reimbursed.
