

European Energy Exchange AG - Energiebranche

> eex group EEX Group develops world-leading market platforms to enable trading of energy and commodity products, such as power, natural gas, environmentals, freight, metals and agriculturals as well as offers subsequent clearing and registry services through our dedicated entity, ECC. We provide access to a network of more than 800 trading participants across our 21 locations on three continents. We are part of Deutsche Börse Group. #GoingGlobal

Working Student (f/m/d) Transparency Services

City: Leipzig; Starting date (earliest): At the earliest possible; Duration: 1,5-2 years;
Remuneration: as given in the job advertisement

Working field

You will be responsible for ensuring the operation of the EEX Transparency Platform and will be in contact with international customers via phone and email. Incident management with reporting companies and ensuring data quality are part of your daily business. Support in the creation of specifications and testing of software adaptations in the context of releases will round off your area of responsibility. For all your outstanding performances, you will of course also get a lot back from your team. Because we appreciate exchanging ideas, being there for each other and making each other better. We call this: Exchange Mindset.

Requirements

- Ongoing enrolment at a college or university in the field of computer science, business administration or engineering or comparable fields
- Affinity for technical topics and data, ideally in the field of energy trading
- Very good knowledge of MS Office applications
- Very good knowledge of German and English, both written and spoken
- Experience in requirements management and testing of software is an advantage

What we offer

- An attractive hourly wage (15€/h during Bachelor, 16€/h during Master)
- A good work-life balance thanks to flexible working hours
- Flexible mobile working arrangements
- A place in a dynamic and international team within the EEX Group and Group Deutsche Börse
- A perspective in the constantly growing and developing energy industry

Application

We're flexible! We're happy to receive applications in English or German.
Please upload your application incl. CV, educational certificates and letter of motivation using the link in the job advertisement.
