

Barkhausen Institut gGmbH - Internet der Dinge

barkhausen
institut

The Barkhausen Institute performs research on the latest hardware, software and communication technologies and demonstrates their application in tomorrow's society. Our goal is to build a flexible and trustworthy IoT platform based on reliable electronics and secure communication methods.

Research Associate: Physical Layer Security (m/f/d)

City: Dresden; Starting Date: At the earliest possible; Remuneration: Remuneration is dependent on degree and suitable work experience.; Reference number: RA Phys. Layer Sec.

Working field

- Design and development of physical-layer security techniques and protocols
- Computer simulation and investigation of proposed techniques
- Supporting the development of hardware demonstrators
- Participation in writing research publications and project deliverables

Requirements

- Above-average MSc/Diploma or PhD degree in areas related to our research focus (Electrical/Computer Engineering) from renowned universities
- Good communication and writing skills in English
- An integrative and cooperative personality with excellent communication and social skills
- Good programming skills, preferably in Python
- Knowledge of wireless communications and information theory
- Knowledge of security protocols and architecture

You are interested, but you don't think you meet all the requirements of the job posting? Then you should know: We don't hire resumes, we hire people. We are looking for potential and want to actively foster it. That's why we encourage you to apply!

What We Offer

- An open and creative team
- Agile working hours and workflows
- Cross-disciplinary projects
- Work on future technologies
- Flat hierarchies for your ideas and flexible teams

If you have passion for new technologies and the desire to develop the connected world of tomorrow with us, we are looking for you.

Life and science are compatible at our institute. We offer a range of recognised family-friendly measures, such as part-time work, mobile working and flexible working hours that take family needs into account.

Application

Your application should include: motivation letter, CV, copy of university degree certificate, short summary of Master or PhD thesis.

Applications from women are particularly welcome. Complete applications should be submitted by e-mail as a single PDF document to **careers@barkhauseninstitut.org**. Please reference "RA Phys. Layer Sec." in the subject line. Applications that contain other file formats (e.g. Word, Excel) will not be considered in the selection process. Informal inquiries can also be submitted to the same address.

The data submitted by you in the course of the application procedure will be processed by the Barkhausen Institut (BI). BI shall use the data for the purposes of the application procedure. No data shall be passed on to third parties.
