

Technische Universität Berlin offers an open position:

Research Assistant - salary grade E13 TV-L Berliner Hochschulen

Part-time employment may be possible; under the reserve that funds are granted

Faculty II - Institute of Solid State Physics / AG Reitzenstein

Reference number: II-571/24 (starting at 01/01/25 / limited until 31/12/26 / closing date for applications 01/11/24)

Working field:

Collaboration in the BMBF joint project "Quantenrepeater.Net". The aim of the subproject is the controlled, deterministic fabrication of quantum dot and quantum dot molecule devices and their use in quantum repeater segments and cells as well as the generation of photonic cluster states for measurement-based quantum repeater realizations.

Requirements:

- Successfully completed scientific university studies (diploma, master's degree or equivalent), in physics or a similar field
- Profound knowledge and several years of practical experience in the development and optical investigation of semiconductor heterostructures are expected; this includes in particular the fabrication and investigation of low-dimensional heterostructures such as two-dimensional quantum materials and their integration in microresonators for the realization of light-matter interaction.
- Good knowledge of German and/or English required; willingness to acquire the respective missing language skills

Desirable:

- Ideally with a doctorate in physics
- Strong interest in innovative approaches and research questions in the field of semiconductor spectroscopy and nanotechnology with a focus on low-dimensional quantum materials
- special qualification of scientific aptitude, usually demonstrated by an outstanding publication record
- communication and teamwork skills
- experience in interdisciplinary cooperation in research projects and project management is desired

Please send your application with the **reference number** and the usual documents (single pdf-file, max. 5 MB) **by email to Prof. Dr. Reitzenstein (reitzenstein.office@physik.tu-berlin.de)**.

By submitting your application via email you consent to having your data electronically processed and saved. Please note that we do not provide a guarantee for the protection of your personal data when submitted as unprotected file. Please find our data protection notice acc. DSGVO (General Data Protection Regulation) at the TU staff department homepage: https://www.abt2-t.tu-berlin.de/menue/themen_a_z/datenschutzerklaerung/ or quick access 214041.

To ensure equal opportunities between women and men, applications by women with the required qualifications are explicitly desired. Qualified individuals with disabilities will be favored. The TU Berlin values the diversity of its members and is committed to the goals of equal opportunities. Applications from people of all nationalities and with a migration background are very welcome.

Technische Universität Berlin - Die Präsidentin - Fakultät II, Institut für Festkörperphysik, Prof. Dr. Reitzenstein, Sekr. EW 5-3, Hardenbergstr. 36, 10623 Berlin

The vacancy is also available on the internet at <https://www.personalabteilung.tu-berlin.de/menue/jobs/>
